## About This Book

From the kidnapping of Einstein's brain to the horrifying end of Louis XIV's heart, the mysteries surrounding some of history's most famous body parts range from medical to macabre.

Explore the misadventures of noteworthy body parts through history, and take a close look at S.T.E.M. topics such as forensics, DNA testing, brain science, organ donation, and cloning. The engaging tone, wonderfully creepy subject matter, and delightfully detailed art are sure to capture even the most reluctant readers.
