Conspiracy 365: August
By Gabrielle Lord

Discussion/Review Questions

1. After being saved by the police from being buried alive, Cal is interrogated by Sgt. McGrath. The sergeant doesn't believe anything Cal says. Why doesn't the sergeant believe him? Write a dialogue between Cal and Sgt. McGrath that demonstrates a different approach to the sergeant's questions.
2. When Cal is visited by Rafe and his mother, he notes there is "something different" about her. Why do you think she reacts the way she does, and why doesn't she believe Cal when he says he had nothing to do with Gabbi's disappearance?
3. Cal escapes capture when he's picked up by ex-detective Nelson Sharkey, who helps Cal many times during the month of August. Why do you think Sharkey is helping Cal, and should Cal trust him? Why or why not?
4. Ryan Spencer, Cal's lookalike, has been tagging buildings with the phrase "No Psycho." What do you think is the significance of this phrase?
5. After searching Ryan's room, Cal finds additional clues connecting him and Ryan. Imagine that you discovered a person who looks exactly like you - he/she could be your twin! How would you react?
6. Winter helps Cal replicate his father's drawings, making small changes to confuse Oriana de la Force. Pick one of the drawings and sketch your own duplicate - making your own clever change to confuse Oriana.
